

METABERATUNG TEAM

DIPL.-PSYCH. SUSANNE NANNSEN
SENIOR CONSULTANT

Profile

Susanne Nannsen has worked for more than 20 years as a management consultant, focusing on potential analysis and leadership development. She plans, implements and executes various types of assessments and developmental programs with a strong purpose to realize the perfect fit between actions and requirements. She is experienced in running seminars and workshops on different topics such as communication, creativity, how to run effective meetings and negotiations, managing conflicts, and coping with stress. She developed and implemented various competency and criteria-based appraisal systems. She created and ran assessment centers and developmental programs for various target groups and management levels. She focuses on the assessment and coaching of top level executives for over 10 years.

Academic and career background

Following her exams in psychology at the University of Erlangen-Nuremberg, she worked as a research associate and lecturer followed by a career as consultant and management trainer. Until 2003 she has been a member of the board of a management consulting firm. Due to her language skills she contributes also to global projects. Since 2006 she works as a freelancer for Metaberatung GmbH. She serves the German and the Spanish markets.
